COMMENTS:

Under the Government Code, this bill would create the California State University, Channel Islands Site Authority Act. This bill also would provide that a business located in the site would be eligible for certain tax benefits provided in the Revenue and Taxation Code provisions.

However, the August 21, 1998, amendments eliminated the Revenue and Taxation Code provisions. Thus, the businesses located in this site would not be eligible for special income tax incentives and the statement in the Government Code would have no effect. This bill would no longer impact the state's income tax revenue or the department's current programs or practices.
